**Re: Joint Application of Duke Energy Carolinas, LLC and Duke Energy Progress, LLC
to Establish Green Source Advantage Programs and Riders GSA
Docket No. 2018-320-E**

Dear Ms. Boyd:

On April 17, 2020, Duke Energy Carolinas, LLC and Duke Energy Progress, LLC (collectively, the “Companies”) provided an update to the Public Service Commission of South Carolina (the “Commission”) regarding the status of discussions between South Carolina Solar Business Alliance, Inc. (“SBA”) and the Companies in the above-referenced proceeding. In the letter, the Companies and SBA committed to providing an update to the Commission by June 30, 2020, on the status of those discussions. Accordingly, the Companies and SBA respectfully submit this status update, informing the Commission that they wish to continue their collaborative work on the Companies’ Green Source Advantage (“GSA”) programs and that they believe no Commission action is needed at this time. In the coming weeks, the Companies plan to engage with other interested parties to receive feedback and determine areas of consensus regarding the GSA programs. The Companies will provide an update to the Commission on the status of these discussions by September 30, 2020.

Sincerely,

Rebecca J. Dulin
